Above, serial number locations

MARIN Bicycles

Sold at Marin Dealers from July 2020 to August 2021

Defect: The risk posed is that the bottom bracket axle can snap.

Hazard: Sharp edges could cause cuts, possible loss of control of the bicycle.

What to Do: Check your serial numbers which you can find in the above locations on this website, www.marinbikes.biz/recall_checks. If your serial number is part of the recall get in touch with your local Marin dealer. Or contact your local Marin Dealer.
